Holy Week podcast brought forward from last year

intro

1 explain special episodes - the church did this year exactly what I did last year - decided to  
 were going over both the Holy Week and the resurrection again when it comes up in our ~~normal~~ normal study

The come follow me manual has a great list of scriptural references for each day of Holy Week - if your scripture study each day this week was reading those scriptures mentioned in the lesson, that would be time well spent (you will have read Matthew 21-28 & D&C 138)

Even more info can be found ~~at~~ at mormon.org/easter

jump forward to teach about easter at easter time, and taught about easter by going into detail about the events of the last week of Jesus' life

Tune in after the repeat to hear my thoughts on resurrection from the after episode.

~~Alma~~ The Gift of Grace

Book of M & Conf.  
Alma 40:42

resources: "The grace of God does not merely restore us... all that the Father hath shall be given to us."

Preparing for the Lord's Return

Two marked passages, beginning and end

Alma #1:  
42: v. 5, 8 - we weren't meant to have death reversed (Elder Uchtdorf)  
that isn't the meaning of the word redemption

9-10 spiritual death, natural state of man is carnal sensual, devilish

v. 13 plan of redemption could only be brought about on conditions of repentance

v. 21 what could justice do? ~~as~~ We always think of justice as working against us, but here the idea seems to be that justice is working for us.

Jesus said just as he was lifted up, so must all men be lifted up before the Father  
4: 2-3 justice & plan = day of judgment (Elder Christofferson)
